

Quick-Start Guide for Cincinnati Bell BlackBerry Devices

Downloading TeleNav GPS Navigator

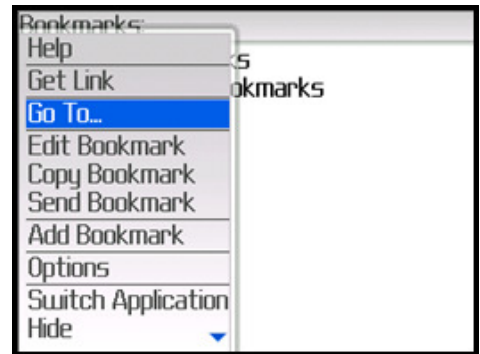

TeleNav can be downloaded directly onto your BlackBerry using its Internet Browser. Follow the steps below.

NOTE: This approach may take 5-30 minutes depending on whether you are in GPRS or EDGE coverage.

1. From the BlackBerry Main Menu, launch the Web Browser.

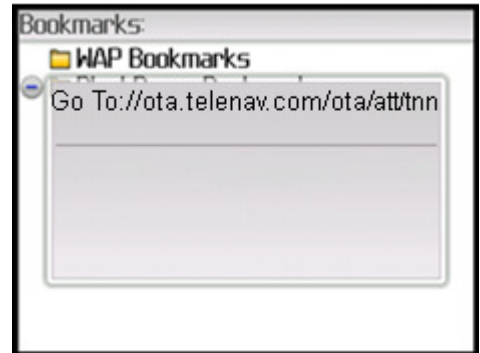

2. Press the **Menu** button and choose "Go To..."

3. Input the OTA download link: <http://ota.telenav.com/ota/cbw>

4. The browser will retrieve the "application descriptor". Highlight **DOWNLOAD**, and click the track ball to complete the download.

Running TeleNav GPS Navigator

After the download is complete, you can run TeleNav GPS Navigator.

1. Find the TeleNav icon on the BlackBerry Main Menu and launch it.

TeleNav's icon

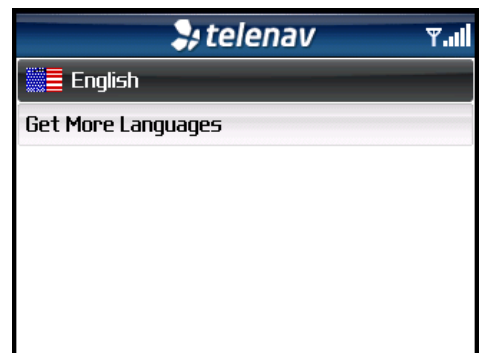

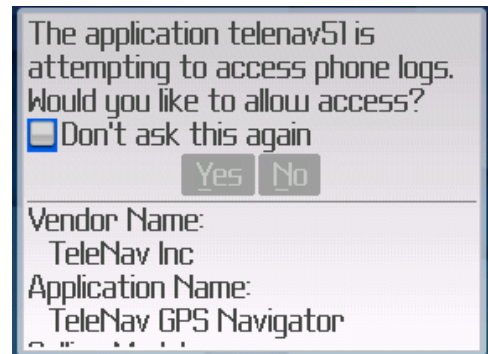

2. The first time you attempt to use TeleNav GPS Navigator, you will be asked to grant access to the network, GPS, the phone, the phone logs, etc.

You should check "Don't ask this again", and grant access at each prompt.

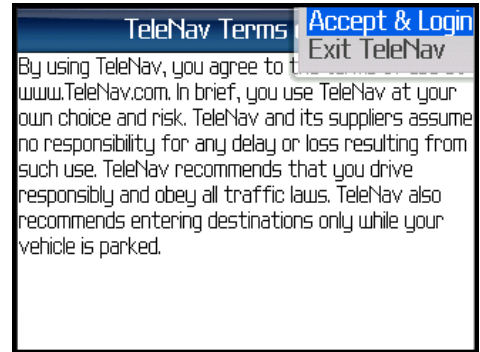

Failing to do so will cause part or all of TeleNav GPS Navigator to malfunction.

3. You will be presented with the Language menu. Use the trackball/trackwheel to choose your language preference.

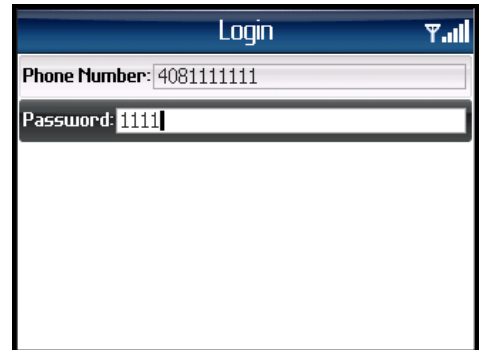

Quick-Start Guide for Cincinnati Bell BlackBerry Devices

- Review the TeleNav Terms of Use and press the trackball/trackwheel if you wish to continue. Then choose "Accept & Login."

- You will next come to the login screen. Your Phone Number is auto-filled, but may need to be edited. Type in your Password (PIN number).

- The TeleNav GPS Navigator Main Menu appears. Use the trackball/trackwheel to select the TeleNav feature you would like to use.
